"Think It Over"

Features and Departments of a City Directory

Your new, improved City Directory is the most complete and comprehensive catalog ever published of the inhabitants, business concerns and institutions of your city. It is much more than just an alphabetical list of names and addresses.

Your City Directory Contains:

1 An *Alphabetical* list of names and addresses of every resident, business concern and institution, plus wife's name and if a widow the deceased husband's initial, and the occupations of all. Principal officers or owners and a description of businesses are included as well.

2 A *Householders' Directory* including a Street and Avenue Guide. This section lists every street and where intersecting streets appear. It lists numerically every location on each street, naming the householder or business at each number and whether the person is a homeowner or renter and if he has a telephone. Similar information is provided on office and public buildings and their occupants.

3 A *Classified Business Directory* —listing every business, classified as to type, and showing names and addresses. It also lists every profession, club, society and association, hospital and cemetery, labor organization, library, park and playground and school.

4 A *"Yellow Section" or Buyers' Guide*, where the advertiser may explain in greater detail the services or products he has to offer.

5 A *Statistical and Historical Story* of your city; plus miscellaneous other information.

INTRODUCTION
AND
GENERAL INDEX

HILL DIRECTORY COMPANY, publishers of Southeastern Directories, present to subscribers and the general public, this, the latest edition of the Virginia Beach Directory. (In all, the HILL DIRECTORY COMPANY and its affiliated companies publish more than 1,400 City, County, State and National Directories).

Confidence in the growth of Virginia Beach's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Virginia Beach to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Virginia Beach City Directory will fulfill its mission as a source of authentic information pertaining to the city.

Four Major Departments

The four major departments are arranged in the following order:—

I. THE BUYERS' GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business Section, which embraces a list of the names and addresses of all business and professional concerns of the city, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the city. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified city like Virginia Beach, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents, business and professional concerns is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Virginia Beach, and the name, official personnel, nature and address of each firm and corporation in the city.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE is the third major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of owner-occupied homes, the listing of telephone numbers, new householder symbols and Zip Codes.

IV. THE NUMERICAL TELEPHONE DIRECTORY is the fourth major department, printed on blue paper.

Municipal Publicity

The Directory reflects the achievements and ambitions of the city, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a port, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Virginia Beach.

The Virginia Beach Out-of-Town City Directory Library

Through the courtesy of the publishers of the Virginia Beach Directory, a Directory Library is maintained in the offices of the Virginia Beach Chamber Of Commerce, for free reference by the gen-

eral public. This is one of more than over 800 Directory Libraries installed in cities and towns throughout the United States, Canada and Puerto Rico through the courtesy of your Publisher.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

VIRGINIA BEACH

(Courtesy of Municipal Library Services)

Virginia Beach is a land of progress and promise. The present city was formed after the merger in 1963 of historic Princess Anne County and the small resort City of Virginia Beach. It is the second largest city in land area in the state and is among the top ten in the nation. Located in Tidewater Virginia's coastal plain, the city has a total land area of 258.7 square miles, 51.3 square miles of inland waterways and 38 miles of shoreline.

Virginia Beach is located in one of the most favorable climatic regions of the world. The city receives 62% of possible sunshine annually. The average air temperature is 59.6 degrees; the water temperature averages 55 degrees.

The population of Virginia Beach has more than doubled since the merger. The 1970 census counted 47,960 housing units in the city. This was a 92.8% increase over the 1960 count of 24,879. The median family income was over $10,000.00. The estimated population as of January 1, 1973 was 206,000.

With a population of over 200,000, the city is as highly diversified in its income as it is in its character. Major employment for Virginia Beach involves agriculture, tourism, and manufacturers. There is also an ever varying payroll of military and civil service personnel whose salaries run into the tens of millions.

Agriculture is the principle source of income to many residents, with farm gate values of all products sold amounting to $12 million annually. Virginia Beach ranks first in the state in yield per acre of corn, wheat and soybeans. In terms of total sales, the city ranks second highest in the state in soybeans, strawberries and wheat, and third highest in the state in corn, sweet potatoes and other vegetables. The value of farm products has increased from $5.5 million in 1954 to $18.5 million in 1972.

The fertile land and excellent climate of Virginia Beach have made the agricultural industry important to the economy for three and one half centuries.

Virginia Beach is perhaps best known as one of the finest resort cities in the world, with excellent beaches, fishing and hunting facilities, and numerous other recreational activities. The first permanent structure built in the area was a club developed by some sportsmen from Norfolk. By the 1890's the old Princess Anne Hotel was catering to the cream of east coast society. The oceanfront resort area has undergone a vast transformation since then. Many luxury motels, particularly high rise, have changed the entire skyline. The beauty and popularity of the coast, however, have not diminished.

The Virginia Beach skyline has undergone a vast transformation since the first hotels were built in the 1880's, but the beauty and popularity of the beach have grown at an even faster rate.

The ever popular beach is still the city's main attraction.

Water facilities for vacationers have been expanded. There are four piers, two city owned marinas and five privately owned marinas. Fresh or salt water fishing is available at any time. The sheltered waters of Linkhorn and Broad Bay are popular for water sports and sightseeing.

Rudee Inlet is one of the city's most attractive marinas. Boats may be chartered for deep sea fishing or for a pleasure cruise.

Diversity of recreation vies with attractions to supplement the enjoyment of sun, surf and sand. The city Department of Parks and Recreation maintains 34 summer playgrounds, over 70 tennis courts and many picnic areas for tourists and residents. There are also nine golf courses located within the city. Approximately 9,725 acres of land are used for recreational purposes. Four campgrounds are open to visitors and residents: Seashore State Park Camping Grounds, Camp Lazy B, North Bay Shore Camping Grounds, and KOA Campground.

There are nine golf courses located throughout the city; one city owned, two military, four privately owned but open to the public, and two which are strictly private.

Camping is a favorite activity of visitors and residents.

Seashore State Park on Cape Henry has been acclaimed by botanists as a horticultural wonderland. Here an infinite variety of northern and southern horticulture fascinates nature lovers with the contrast of cypress swamps draped with Spanish moss to cliff-like sand dunes studded with yucca.

Back Bay at the southernmost part of the city, is also known for its natural beauty. Its colorful marshes and broad expanses of fine bass waters are on the north-south flyway. Every year, the country's largest flock of greater snow geese winters along the 45 mile shoreline of Back Bay and Currituck Sound. The Back Bay area is a sportsman's paradise. During the winter months there is a diversity of hunting and fishing seasons including quail, ducks, geese, deer, bear, rock fish, speckled trout and tautog.

The tourist industry has become more important to the economy of the city with each passing year. In 1972, Virginia Beach saw a record breaking number of visitors. Some 1.8 million people spent part or all of their vacation in the city. There was a 9.8% overall business increase from the previous season with $63 million being spent by visitors.

Virginia Beach is also a fast growing industrial city. Industrial development is important in that it serves to broaden the tax base and to equalize the tax load. There are three Industrial Parks located in the city. Two of them sold their last lots in 1972. A fourth, Oceana West Industrial Park, is being developed and it is estimated that it will be able to accommodate the city's new industry for the next fourteen years.

Virginia Beach operates under a "resort economic development" concept. This means that new industry must be compatible with the tourist industry. New industry must strive to maintain clean air, open sky, beautiful beach, and a general climate for healthy recreational activities. The program has been practical as well as highly successful.

Construction is an important industry in the city. In an eight year period, the total value of construction was around $600,000,000.

The city is gaining in its popularity as an industrial and recreational center not only because of its growth and modernization, but the reduced travel time from eastern metropolitan centers due to the Chesapeake Bay Bridge Tunnel, Interstate 95, new expressways and jet plane service. Richmond, the State Capitol, is 117 miles to the northwest; Raleigh, North Carolina is 190 miles southwest; and the greater metropolitan area of Washington D. C. and New York City are 226 and 350 miles to the north respectively.

Virginia Beach is a city of the first class with a council-manager form of government. An eleven-member council is invested with legislative powers. The councilmen are elected at large. Seven seats on council, however, must be filled by a citizen from each of the seven boroughs. Council is empowered to levy taxes, adopt a budget, pass ordinances, issue bonds for improvements, and appoint the City Manager and the Constitutional Officers of the city. The council elects, from its membership, a mayor and vice-mayor who serve as moderators of council sessions and as representatives of the council at official and ceremonial functions.

Under this form of government the administrative and executive powers are vested in the City Manager. There are four Administrative Departments in the city government, the Departments of Finance, Personnel, General Services, and Planning, and there are six Operating Departments. These a are the Departments of Community Services, Economic Development, Parks and Recreation, Public Libraries, Public Safety, and Social Services. The directors of each of these departments are appointed by the City Manager and are directly responsible to him.

Council Chambers

Although Virginia Beach is one of the largest and fastest growing cities in the state, it has one of the lowest tax rates. Of the six city Tidewater areas, Virginia Beach is last in assessed property taxes. Only 28.7% of the city's 1972 income of $58,160,252 was derived from general property taxes.

The merger of Princess Anne County and Virginia Beach marked the beginning of a new era in the history of the city. But the city's present and its future is nurtured by a dignified and distinguished past. Few other places in the United States can claim a more distinctive beginning.

Princess Anne Court House has been in use since 1824 and serves the present city as a Circuit Court.

In mid February 1606, three small vessels sailed from an English harbor. Their destination, across a wide and unfriendly ocean, was the new world. One year later, on April 26, 1607, the Godspeed, Sarah Constant, and Discovery landed off the coast of what was to become the colony of Virginia. The travelers named this place Cape Henry in honor of the eldest son of their monarch. It was here that the first religious ceremony in the new world took place as the weary voyagers planted a cross in thanksgiving for a safe journey. These were the first Virginia settlers who would establish a permanent settlement in Jamestown. Today, Cape Henry is a National Historical Monument with an imposing stone cross commemorating the site of the colonists landing.

The first permanent settlement in the area of today's city was made on Lynnhaven Bay in 1621. The Adam Thoroughgood house, built there in 1636, still stands as a monument to Virginia's early history and architecture. It is believed to be the oldest brick home in America.

After seventy years of settlement as part of Elizabeth City Shire and Lower Norfolk County, the area was finally recognized as a separate political entity when Princess Anne County was formed in 1691. The county was named after Anne, the daughter of James II, who later became Queen of England.

For the first 200 years after Princess Anne was settled it remained somewhat isolated, for it was dependent for transportation on bad roads, small boats and ferries. However, the county deeds, maps, vestry books, and the remains of old homes give evidence that this was a thriving community.

The county was actively involved in the government of the colony from the very beginning. Citizens represented the area in every branch of the government, even before Princess Anne was officially established as a separate county. Princess Anne had citizens on the Governor's Council, and several held judicial seats in the Capitol and in Lower Norfolk.

The first battle of the American Revolution in Virginia took place in Princess Anne on November 16, 1775. Lord Dunmore, who had situated himself off the coast of Norfolk, declared martial law early in November. News reached Dunmore that the local militia were assembling to guard the roads over which the King's troops had to pass on their way to meet him. He decided to march on Great Bridge, a gathering place for the Virginia militia. Finding no militia and learning there was a force stationed

The Cape Henry Memorial Cross stands as a reminder that the site is a "Landmark of Our Nation's Beginning."

at Kemps in Princess Anne, he marched overland to the village. Only one volley of shots was fired by the British, but it scattered the untrained group of farmers and merchants. The volley, which touched off the tinder of revolt throughout Virginia, resulted in the first death of a patriot as a consequence of the revolution.

One of the most significant battles of the entire revolution took place off the northern coast of the county. Had the French Admiral De Grasse not defeated the British fleet off Cape Henry, Cornwallis would have received the supplies and reinforcements he so desperately needed.

Cape Henry was used during the Revolutionary War and the War of 1812 as a viewing point for naval movements at the mouth of the Chesapeake Bay and its numerous ports. In 1791, the first federally financed lighthouse was erected on the Cape. In 1879 a new lighthouse was built as a replacement. The old one had been vandalized during the Civil War.

A view of the old and the new! The first lighthouse authorized by the first U. S. Congress and its 1881 replacement have guided ships safely into the Chesapeake Bay for almost two centuries.

World War II brought increased shipping activity to the ports near Virginia Beach and several vessels were torpedoed and sunk just offshore by German U-boats. During the war the protection of the coast was vital. As a result the number of military installations grew and today there are five major facilities located within the city. They are: Oceana Naval Air Station, Camp Pendleton, Fort Story, Dam Neck Missile Base and the Naval Amphibious Base at Little Creek.

The small resort area of Virginia Beach was incorporated as a town in 1906 when it was granted a charter by the General Assembly of Virginia. In 1952, the town was granted a new charter for incorporation as a city of the second class. In 1962, the citizens of the city and the adjacent county of Princess Anne approved, by 82%, a merger of the two areas. Effective January 1, 1963, a charter was granted for the present city.

Today Virginia Beach is still making history. It is one of the most prominent cities in the South. Its leadership has been demonstrated by the progressive programs which have been developed by its government and its citizens.

The city's most publicized accomplishment has been the construction of a mountain, a most peculiar sight in the city. Mt. Trashmore, as it is called, is a mountain of trash. It has resolved the city's problems of refuse disposal and environmental protection and it will also provide the city with a unique recreational facility.

It is composed of compacted refuse layered with dirt. It has taken four years to reach a height of 65 feet. Supported by Federal funds, the mountain was designed to cover 30 acres. Two adjacent lakes make the total area of the complex 70 acres.

Mt. Trashmore has brought visitors from as far away as Japan to examine Virginia Beach's unique method of refuse disposal.

Phase II of the project, to turn the site into a recreational facility, has already begun. Once completed, the park will offer fishing, boating, a soapbox derby track, hiking, picnic areas, and an amphitheater.

Mt. Trashmore has been of interest to countries all over the world. Several U. S. cities are planning their own mountains. The United States Information Agency has taken Mt. Trashmore overseas to several Eastern European countries. The exhibit of engineering data, photos and news releases will tour Russia, Hungary, Poland, Romania and Czechoslovakia.

Virginia Beach was the first city in Virginia to establish a Wetlands Board to assure proper implementation of the Federal Wetlands Bill. In 1972, the City was also selected to experiment with a Public Defender Program.

The Civic Center serves the community as an auditorium, convention facility, recreation center and exhibit hall.

One of the most recent innovations within the city's Public Libraries, is the services for the handicapped. It is the Sub-Regional Branch for the State Commission Blind and Handicapped Service. Braille and talking books, magazines and newspapers as well as tapes are provided for persons in the entire district.

A new and different type of educational program is in the process of implementation. A 45-15 school program will begin in June 1973. Students will attend classes on a year round basis, 45 days of classes and 15 of vacation. The program is being introduced into several schools throughout the city.

The city has demonstrated a concern for its senior citizens through a program of tax relief for the elderly and the new SEVAMP program. The Southeastern Virginia Areawide Program delivers a variety of municipal services to the elderly through an outreach program. Transportation, entertainment, and social gatherings are offered to our senior citizens.

An interest in the problems of youth has been demonstrated by the development of the Drug Outreach Center. A new less-secure detention home for young boys has been opened at Princess Anne. The city is also involved in a pilot project developed by the State, Virginia Beach and the City of Chesapeake. The "Pendleton Project" will provide a full range of services for young people with problems.

Virginia Beach is a modern city in every sense of the word. Its people, government and industries are alive and sensitive to the needs of each other. As a result, there is a strong feeling of compatibility and respect for every activity of life. Life means progress and Virginia Beach is full of life!

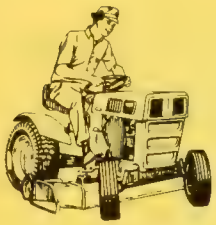
Out of Sight! - Out of Mind! - Out of Business!

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.



The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

HOW TO USE YOUR CITY DIRECTORY

The major departments in the Directory are arranged in the following order for ready reference:

1. INDEX TO ADVERTISERS
2. INTRODUCTION
3. BUYERS' GUIDE
4. CLASSIFIED
5. ALPHABETICAL SECTION
6. HOUSEHOLDERS' and STREET GUIDE

Particular attention is directed to four symbols as being important contributing factors in supplying complete information. They appear as follows: ALPHABETICAL SECTION, "h"—Householders, "r"—Resident, HOUSEHOLDERS' AND STREET GUIDE, "Δ"—Telephone Subscriber, "◎"—Homeowner.

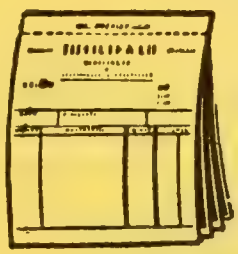
CAUTION . . . . . .



Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

PLEASE! Do Not Lend Your CITY DIRECTORY

IT COSTS YOU MONEY—Every Time it Is Loaned

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the DIRECTORY of Your City.

THIS COST MUST BE ABSORBED BY THE SUBSCRIBERS—BE THEY ONE—OR BE THEY 1000.

If there were but ONE SUBSCRIBER to the CITY DIRECTORY—THE ONE SUBSCRIBER would of necessity have to absorb THE WHOLE COST.

If there were 100 SUBSCRIBERS—each one would have to absorb 1/100th PART OF THE WHOLE COST.

If there were 1000 SUBSCRIBERS—each one would have to absorb 1/1000th PART OF THE WHOLE COST.

From which it is obvious that the GREATER the number of subscribers —the LESSER the cost to each.

And

It is also obvious that the LESSER the number of subscribers—the GREATER the cost to each.

Every time you loan your City Directory the LESS NECESSITY THERE IS FOR THE BORROWER TO SUBSCRIBE FOR THE SERVICE.

MORE BORROWERS result in FEWER SUBSCRIBERS which means INCREASED COST.

MORE GOODS ARE BOUGHT AND SOLD THROUGH THE CLASSIFIED BUSINESS LISTS OF THE DIRECTORY THAN ANY OTHER MEDIUM ON EARTH

WHY A *Buyers' Guide?*

★ *It is customary to include a Buyers' Guide in the City Directory because:*

It gives business firms the opportunity to elaborate upon a description of their products and services impossible in the limited space of regular Alphabetical and Classified listings.

☆

The Buyers' Guide is a necessary supplement to the regular listings; it is good City Directory information . . . *EXTENDED*

PLEASE! Do Not Lend Your CITY DIRECTORY

IT COSTS YOU MONEY—Every Time it Is Loaned

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the DIRECTORY of Your City.

THIS COST MUST BE ABSORBED BY THE SUBSCRIBERS—BE THEY ONE—OR BE THEY 1000.

If there were but ONE SUBSCRIBER to the CITY DIRECTORY—THE ONE SUBSCRIBER would of necessity have to absorb THE WHOLE COST.

If there were 100 SUBSCRIBERS—each one would have to absorb 1/100th PART OF THE WHOLE COST.

If there were 1000 SUBSCRIBERS—each one would have to absorb 1/1000th PART OF THE WHOLE COST.

From which it is obvious that the GREATER the number of subscribers —the LESSER the cost to each.

And

It is also obvious that the LESSER the number of subscribers—the GREATER the cost to each.

Every time you loan your City Directory the LESS NECESSITY THERE IS FOR THE BORROWER TO SUBSCRIBE FOR THE SERVICE.

MORE BORROWERS result in FEWER SUBSCRIBERS which means INCREASED COST.

Features and Departments of a City Directory

Your new, improved City Directory is the most complete and comprehensive catalog ever published of the inhabitants, business concerns and institutions of your city. It is much more than just an alphabetical list of names and addresses.

Your City Directory Contains:

1 An *Alphabetical* list of names and addresses of every resident, business concern and institution, plus wife's name and if a widow the deceased husband's initial, and the occupations of all. Principal officers or owners and a description of businesses are included as well.

2 A *Householders' Directory* including a Street and Avenue Guide. This section lists every street and where intersecting streets appear. It lists numerically every location on each street, naming the householder or business at each number and whether the person is a homeowner or renter and if he has a telephone. Similar information is provided on office and public buildings and their occupants.

3 A *Classified Business Directory* –listing every business, classified as to type, and showing names and addresses. It also lists every profession, club, society and association, hospital and cemetery, labor organization, library, park and playground and school.

4 A *"Yellow Section" or Buyers' Guide,* where the advertiser may explain in greater detail the services or products he has to offer.

5 A *Statistical and Historical Story* of your city; plus miscellaneous other information.

You save more than money with

UNITED STATES SAVINGS BONDS

HOW TO USE YOUR CITY DIRECTORY

The major departments in the Directory are arranged in the following order for ready reference:

1. INDEX TO ADVERTISERS
2. INTRODUCTION
3. BUYERS' GUIDE
4. CLASSIFIED
5. ALPHABETICAL SECTION
6. HOUSEHOLDERS' and STREET GUIDE

Particular attention is directed to four symbols as being important contributing factors in supplying complete information. They appear as follows: ALPHABETICAL SECTION, "h"—Householders, "r"—Resident, HOUSEHOLDERS' AND STREET GUIDE, "Δ"—Telephone Subscriber, "◎"—Homeowner.
